PETRARCHAN SONNET: INSPIRATION

An explosion of insight, resonating through the mind
Overwhelming force, drawing the inner being to new heights
Blazing colours of intellect, brighter than the northern lights
Thrilling new cognition, by restrictive convention unconfined
New awareness of spirit, dazzlingly inclined
Pouring relentlessly into clear plain sight
Invigorated with its own purpose and might
Pure distilled rationality, faultlessly refined

Solving problems with sudden intuition

Arousing the faculty of reason to creative effort

Detonating through the power of thoughtful ignition

Visions and apparitions of strong import
Compelling and demanding as the deepest premonition

Conveyed across huge distances by means of teleport.
